First, learning does not begin in school. Learning starts at home in the learners' home language. Although the start of school is a continuation of this learning, it also presents significant changes in the mode of education. The school system structures and controls the content and delivery of a pre-determined curriculum where previously the child was learning from experience (an ...

What challenges do foundation phase teachers experience when teaching writing in rural multigrade classes? Abstract A one-size-fits-all curriculum cannot address the issues faced by rural multigrade teachers and learners. In South Africa, despite government efforts to relieve adversity, poverty in rural areas is still rife and poor education still fails to lift people out of it (Joubert 2010 ...

How do you teach English as a second language? What teaching models have influenced current teaching practice? Which of the many approaches to teaching English as a second language are the most effective? This article outlines four of the most common ways used over the years to teach languages and gives the pros and cons for each.

[First Additional Language Teaching In The Foundation Phase](#)

Language problems among Foundation Phase learners (age 5-9 years) are difficult to identify. Therefore, in most cases teachers and parents often leave them unattended. Language problems affect learners and the development of teaching and learning if they are not properly attended or addressed. Thus, unattended language problems turn to become barriers to learning.
