The Badge claims to provide information on some famous cases from the perspective of the LA police. However, it is set up in a rather dry style and offers little, new insight or details on these cases. On the plus side, it is a somewhat interesting read because Jack Webb's crisp, blunt style is very recognizable in his writing, and the dated references to technology and prices provide a peek ...

[Humanizing the Badge – Humanizing The Badge](#)

Basically, a Badge<T> is an empty class with a private constructor, and the only one who can call the constructor is their best friend, T. In the Device constructor, the code to call VFS::register_device() looks like this: Device:: Device {VFS:: the (). register_device ({}), * this);} That little {} constructs an empty Badge and we're allowed to make the call. Final note: The name Badge ...
